

Cigarette Vending Machine

Model: BVM-4BC

Cigarette Vending Machine is an Automatic self-service vending machine that dispenses one cigarette pack against receipt of Bank Notes or Coins. This automatic Vending Machine is configured with a Bank Note Validator and Coin Validator with motorized special box dispensers.

Features:

- The Cigarette Pack Vending Machine Model: BVM-4BC is a Four Selection Model with a capacity of 20 Cigarette Packets for each selection. Total cigarette pack dispensing capacity is 80 for Four Selections. This pack holding capacity depends on pack size.
- The Cigarette Packs are stacked vertically in each vend line.
- This Machine is configured with a Bank Note Validator to accept Bank Notes of all denomination with an acceptance speed of 3 Seconds/Note and a Coin Validator to accept Coins of all denominations with an acceptance speed of 2 Seconds/Coin.
- Cash Box and Coin Box are provided inside the machine to hold the collected Bank Notes and Coins paid into the machine with tamper proof secure locks.
- When the User selects the Cigarette Pack of choice, the Machine displays the value of the Cigarette Pack and prompts the user to insert Bank Notes and Coins. Upon receipt of the exact value of the cigarette pack, the machine dispenses the selected Cigarette Pack. No change is provided by the machine.
- LCD display with Blue Back light and white characters for User interface to display Product Price, Denomination Accepted, No Stock and Transaction Timed Out messages to the user.
- A Four Selection Keypad is provided in the front panel for Cigarette Pack Selection.
- Display Window with white LED lighting for display of Cigarette Pack Samples.
- An ON/OFF Switch is provided inside the machine for entering into the setting mode. This Setting mode is password protected.
- The Cigarette Pack label and price are settable on site as required.
- The option to enable or disable Bank Note Denomination and Coin Denominations are also provided in the settings menu.
- This Machine comes with an excellent sales Auditing function to view Reports such as number of Cigarette Packs sold, transaction value, denomination wise break-up of the Bank Notes and Coins received by the machine and closing stock details.
- High reliability motorised dispenser to dispense the Cigarette Pack.
- This machine is very user friendly and easy to use with tamper proof secure lock.
- Powder coated metal cabinet.
- Dimension: 350mm(W)X750mm(H)X270mm(D), Weight: 35 Kgs (Approximately)
- Electrical Consumptions: 230V, 50Hz, 50W
