

SOUVENIR VENDING MACHINE

NCD-1ECF

The Souvenir Coin Vending Machine is a compact vending machine that accepts Coins and dispenses a Souvenir Coin. Configured with Plexi-top LED edge lighting with remote control and Souvenir Coin Display window, this is a reliable Souvenir Coin Vending machine.

Features:

- The Souvenir Vending Machine is configured with a Coin Validator that accepts coin denomination of EURO 0.5, 1 and 2 coins with an Acceptance speed of 2 seconds/Coin.
- Configurable with Coin Validator for coin denominations of several countries.
- The Souvenir Coin Dispenser has a capacity to hold about 1000 to 1500 Souvenir Coins depending on the Souvenir Coin Size.
- Supports Souvenir Coins of dimensions 24 mm to 32 mm in Diameter and 1.5 mm to 3.1 mm in thickness.
- Coin Collection Box with a holding capacity of 1000 Coins is provided.
- High Bright OLED display is configured for user interface to display messages such as deposited denomination, No stock, Time Out and Souvenir Price.
- The display shows the value of Souvenir in Euro and the user inserts coins one by one until the total value of the souvenir is paid into the machine. Upon receipt of the exact value of the souvenir price, the machine dispenses one souvenir to the user.
- Illuminated Souvenir Coin Display Panel window with white LED lighting to show case sample coin. The price of Souvenir is user settable.
- The Souvenir Vending Machine comes with a built-in Sales Audit Function to store and view the reports such as Number of Transaction performed, Value of Coins received and Number of Souvenirs dispensed and sold out.
- A keypad with 3 keys is provided inside the machine for Setting of Prices and Viewing the Sales Reports.
- A non-resettable six digit counter is also configured for monitoring the total sales of Souvenir Coins.
- Plexi-top with Colour Changing LED Edge Lighting is configured on the machine. Hand held remote is provided to change the colours of this plexi-top as required.
- Built-in Door Sensors for installing GSM telemetry system
- Operates on mains power AC 220V,50HZ and 20W
- Dimensions of Machine: 575 mm (H) X 400 mm (W) X 375 mm (D) Weight – 70 Kgs
- Machine Height with Roller Stand and Plexi-top: 1700 mm
- **Option:** The machine is supplied with slim stand on both sides or with single solid centre pillar stand.
