# MEDICINE VENDING MACHINE

MODEL: AMVM-40PC

Automatic Medicine Vending Machine is an automatic self-service machine that dispenses OTC medicines and Prescription Medicines against receipt and acceptance of Bank Notes or by means of cashless UPI QR Code payment. It can be programmed to store and retrieve previous prescriptions and dispensing of medicines to regular patients on records. This machine tracks the quantity of medicines dispensed and provides sales audit features with restocking alerts. Highly reliable 24X7 automated self-service medicine vending machine that cuts costs and manpower. Ideal for use in Hospitals, Clinics and pharmacies. A proudly "Made in India" product.
